

4AA XENON

The 4AA Xenon Front Switch matches high performance with a sleek, compact design that can be operated with gloves. A xenon bulb provides vibrant color clarity. It is the most reliable, cost-effective flashlight you'll ever own.

FEATURES

- 2.1 watt high brightness xenon filled lamp
- Rubber sheath molded over bezel to reduce glare and improve impact resistance (passes UL 30 ft drop to concrete test)
- Push-button thumb switch
- Prefocused high intensity spot beam
- New easy loading drop-in battery compartment for quick reload of batteries
- Hydrogen scrubber catalyst, polarized battery contacts and 0-psi vent minimize explosive risk from leaking batteries
- Tough, non-corroding ABS and polycarbonate plastic construction

Mounts to any hard hat with UK helmet clips

Available in front and rear switch configurations
